Recent work includes 4 new tyres, rear brake discs, brake pads all round and a rear caliper. The car is being sold with a fresh mot and a 6 month warranty included on the price. The Reg is not included in the sale and the original plate will be installed (HJ16SMV). There is a non factory exhaust installed which has a race function for those times when you want to wake the neighbours, it is remotely switchable. The wheels are being refurbished by Cobra Customs this week to complete what is a perfect example of this hugely sought after car.
